

GENERAL INFORMATION

Date: November 26(Fri) - 27(Sat), 2010

**Place: Meeting Room #1 and Meeting Room #2, Building No-1,
Tokyo City University (Setagaya Campus)
(1-28-1, Tamazutsumi, Setagaya-ku, Tokyo, Japan)**

TOPICS KEYWORDS

**Plasma Medicine / Reproductive Medicine / Bio-Medical Application
Bio Sensor / Nanocarbon (Carbon Nanotube) Based Bio Device
Living Organism Homeostasis / Biomedical Signal Processing
Medical Image Analysis**

KEYNOTE SPEECH

Invited Speakers

Prof. Jeong Goo -Hwan
(Department of Advanced Materials Science & Engineering,
Kangwon National University, Korea)

Prof. Akira Mizuno
(Department of Ecological Engineering, Toyohashi University of Technology, Japan)

Prof. Mitsutoshi Iwashita
(School of Medicine, Kyorin University, Japan)

Prof. Yoshiki Kudo
(Graduate School of Biomedical Science, Hiroshima University, Japan)

Prof. Sunao Katsuki
(Bioelectrics Research Center, Kumamoto University, Japan)

Prof. Katsuhisa Kitano
(Center for Atomic and Molecular Technologies, Osaka University, Japan)

Prof. Takehiko Sato
(Institute of Fluid Science, Tohoku University, Japan)

TIME SCHEDULE

November 26 (Fri)		November 27 (Sat)
